

THE SIGNAGE SHOP

dimensional SIGNAGE

Raised letters are the perfect way to make your message stand out. We produce many kinds of dimensional signage which can be made from a wide variety of materials ranging from solid metal to acrylic. We have done extensive work for corporate McDonalds, Northwestern, various retail locations and remain a top preferred vendor at the Merchandise Mart in Chicago. Our knowledge and experience in this category allows us to help you select the appropriate material to enhance your interior or exterior environment.

lightbox GRAPHICS

Lighting is everything, whether you're decorating a room in your house or creating ambiance in a restaurant. The same applies to your company's signage and luckily, the options for customization are endless: Backlit displays for indoor and outdoor, fluorescent or LED and small to large scale formats. Lightboxes create eye-catching effects and provide easy access to swap out the graphics without a complete re-investment in a whole new sign. How can you go wrong? The answer is, we won't let you...Our selection, quality and experience can meet all of your requests.

vinyl APPLICATION

We do a wide variety of two-dimensional signage that includes, but is not limited to printed vinyl, cut out vinyl, large and small format stretch frame banners and wall murals. We have expertise on designing store fronts, showrooms, vehicles, trade shows, exhibits and P.O.P displays.

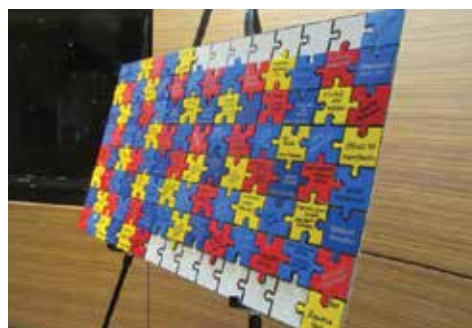

custom & portable EXHIBITS

We design and fabricate a wide range of custom exhibits and this process starts with a conversation about your brand identity and culture. These ideas are then transformed into reality by providing 3D renderings which allow you to see your unique vision come to life. If you're not in the market for a custom design, try one of our portable systems which are easy to ship, require minimal storage space, and serve as a solution for cost-effective labor.

exterior SIGNAGE

Advertising and public awareness are essential to the success of your company, and the right sign is the perfect place to start. Our outdoor services range from illuminated monuments and lettering, cast bronze plaques, awnings and simple vinyl graphics.

specialty SIGNAGE

As a creative company, we are constantly developing new ideas and additional resources in order to maintain our expertise in the industry. Some of these services include but are not limited to the following:

- Custom work
- In-house creative design
- POP/ POS display
- Fabric, scrim, vinyl & screened graphics
- Corporate branding
- Photoluminescence
- Wayfinding design
